

Lori Mattison

Members of the FAPTO and Nominating Committee,

Please elect me to the Board of Directors because I believe in the gym's mission, health and well-being. The gym and its staff supported my fitness goals as I transitioned from a 300 lb. person to one with a healthy BMI. Having been on both ends of the fitness spectrum, I will continue to advocate for classes for all fitness levels and ages along with continued virtual classes. Relevant experience includes interim gym board member, PTOS representative for my TC, and current position of Vice President of Programs for the PTO Hiking Club
